

PREFERRED PACKAGING ITALY SRL

WE PACK QUALITY

Preferred Packaging, a world leader in the manufacturing, engineering and design of packaging equipment is going to attend at GRAFITALIA show and expose one of the most complete and comprehensive range of SHRINK WRAPPING MACHINES with shrinking film.

Preferred Packaging can boast many years of experience in the packaging of printed paper with good references among bookbinders and graphic –printing industry in Italy and all around the world. Single pack or multi pack (height up 40 cm!!) can be shirked wrapped with our machines at different speeds depending on the customer's request.

Output: from 2.500 till 9.000 pcs/h with A4 format. 150 pcs/min!!The packaging cycle can vary depending on the level of automation requested. Preferred Packaging is able to produce solid and complete packaging line with wrapping machine (if necessary equipped with special systems that keep the products stable also during very fast process), shrinking tunnel, conveyors, different types of feeders, page opener to put inserts inside the main products, stacker, both for metallic point and for cardboard, to collect products at the end of the cycle. Final result will be a tight- glossy nice pack.

Furthermore Preferred Packaging will present at the show Grafitalia a new style and also some new types of bag-pack as : bag provided with EUROHOLE, HANDLE and OPEN CLOSE system that will make your products nicer and more manageable.

All these solutions are projected and made in Italy.

Components are all very high quality: SIEMENS, MITSUBISHI, SKF, ABB & MOTOVARIO.

Very fast change of format and change of roll of film. Less 'dead time'.

Relevant saving in film thanks to various way of sealing and feeding of the film.

Our packaging line are present also in many other fields (food- non food – industry) that's why Preferred Packaging will also have an other stand at the show IPACK IMA.

We look forward to welcome you in our stand in order to illustrate in concrete everything.
